Take control of your production planning with an easy-to-use drag and drop interface.

Functionality includes: Conflict Management, Resource Utilisation, Works Order Planning, Dynamic Colour Coding, Dependency Management

Pricing

Cim200 is available on a monthly subscription basis, with 30 days end of month cancellation. Cim200 Manufacturing costs £500.50/€624 per month. The Shop Floor Data Capture module is an optional add-on. To assist with a successful implementation of the Cim200 solution, it is recommended a program of service days is taken, the number and cost of these will depend on specific business requirements.
